SNEED HEARING AT AMARILLO

HABEAS CORPUS PROCEEDINGS BRINGING OUT SENSATIONAL FEATURES.

Amarillo, Tex., Sept. 23.—John B. Sneed, indicted for the killing of Al G. Boyce Jr. in this city on the afternoon of Sept. 14, began his fight for liberty before Judge J. N. Browning in the Forty-Seventh District Court this afternoon.

Contrary to the expectation of many who live outside of this city, but in perfect accordance with the anticipations of Potter County citizens, there was no undue excitement, but as in other cases, the routine proceedings were conducted in a quiet, commonplace manner. The only spectacular feature of the day was the careful searching of every person who entered the courtroom, which was merely a precautionary measure submitted to in a pleasant and jocular manner by those who exhibited enough interest to attend the session of the court.

The habeas corpus proceedings, instituted by John B. Sneed, was called by the court at 2 p. m., when both sides announced ready. At this time the small courtroom, including the gallery, was comfortably well filled, but before the first hour had expired many had left the building, giving seats to the few who were forced to stand at the opening of court.

Plans of State.

That the state expects to contest the defense's application for bail in a strenuous manner was evidenced by the number of attorneys retained to assist District Attorney Henry Bishop. That the defense is prepared to present its case in the strongest light, even to going back into the history of previous troubles, was shown by a strong array of counsel present and by attempts to develop testimony in the cross-examination.

Notwithstanding these preparations for legal battle, no one in this city is exhibiting more than ordinary interest in the proceedings. As a matter of fact, a circus in town today was by far the greater attraction.

Defendant in Court.

The defendant, J. B. Sneed, appeared in court wearing his much-talked-of beard, neatly trimmed and combed. He apparently enjoyed a dry smoke during the entire proceedings. The defendant is being represented by Madden, Trulove & Kimbrough of Amarillo and the law firm of McLean, Scott & McLean and Bradley of Fort Worth.

The state is represented by H. S. Bishop, District Attorney for Potter county, assisted by W. A. Hanger of Fort Worth, D. W. Odell of Cleburne and the law firm of Cooper, Merrill & Lumpkin of Amarillo.

The proceedings this afternoon developed two important features. First, the defense will, when the time arrives, go into alleged relations between A. G. Boyce Jr. and the wife of the defendant. This was brought out in the cross-examination, when questions were asked concerning the family life of Sneed previous to the

PLANTERS BATTLE OVER NEGROES

Muskogee, Ok., Sept. 23.—Prejudice against the importation of negro labor into the Briartown community, in the southern part of Muskogee county, resulted in a pitched battle Sunday evening between opposing clans. Three men are wounded, two fatally. Sam Robinson was shot through the body and fatally wounded. W. H. Larimore was shot in the head and will probably die, and John Hilton was shot in the shoulder.

All are wealthy farmers. The three injured men had been having trouble getting cotton pickers to harvest their crops and were warned not to bring negroes into the country. Their cotton was shedding and they were about to lose the crop, so as a last resort they imported negro pickers from Muskogee and Eufaula and housed them on the plantations. According to the news brought from Briartown today the negroes were besieged in their homes Friday and Saturday night and shots fired into their cabins. Sunday night Robinson, Hilton and Larimore armed themselves and lay in wait near the negro cabins. Sunday night armed white men came up, threatened the negroes and began shooting. The planters returned the fire and in the battle all three were wounded. It has not been learned whether any of the opposing faction was injured.

Sheriff Wisener, with a posse of deputies left this afternoon for Briartown. Trouble is expected tonight. The officers will guard the blacks, who are now panic-stricken.

TWO CARS PASS OVER MAN WITHOUT INJURING HIM

Guymon, Okla., Sept. 24.—To be run over by two heavy Pullman cars and receive only a few bruises and come out alive, was the thrilling experience of R. E. Oliver of Erick, who attempted to board a train while running here. Oliver had not reached the depot when he saw the train pulling out and made a run for it. He succeeded in swinging onto the third car from the rear, but was struck by the mail crane and thrown under the cars. Two Pullmans passed over him and bystanders expected to see his body horribly mutilated. Everyone was surprised, however, to see him get up, brush the dust from his clothes and walk off. He waited for the next train and got away all right.

G. O. P. Delegates at Saratoga.

Saratoga, N. Y., Sept. 24.—The advance guard of delegates to the republican state convention arrived in Saratoga today. Though the convention is less than twenty-four hours distant the choice of a candidate for governor appears to be as undecided as ever. The active candidates for the head of the ticket are James W. Wadsworth, Jr., former speaker of the assembly; William S. Bennett, former representative in congress, and Job E. Hodges of New York City. In addition, the names of President Butler of Columbia University, District Attorney Charles S. Whitman of New York City, Associate judge of the Court of Appeals Werner and several others are mentioned.

Cincinnati Lifts Ban on Auto Horns.

Cincinnati, Ohio, Sept. 24.—The traffic ordinance here which for several years has prevented motorists from using all kinds of warning signals except the hand-operated bulb horn has been repealed. The new law that supplants it goes into effect today.

This provides that all automobiles must be equipped with signals capable of producing an "abrupt note, sufficiently loud to be heard under all conditions of traffic." It restricts their use, however, to times of actual necessity.

In both respects the new measure is exactly similar to ordinances recently enacted by the councils of Chicago, St. Louis, Newark and other large cities throughout the country.

It is said that the change from the old order of things was made necessary by the increasing number of accidents. Many of these were directly traceable to failure to give sufficient warning of the automobile's approach. Motorists involved declared that it was oftentimes impossible to do this by using only the bulb horn prescribed by the old law.

DR. LOVE ACQUITTED OF MURDER CHARGE

Antlers, Okla., Sept. 23.—The jury in the Love-Rucker murder case went out at 11 o'clock Saturday night and returned a verdict of not guilty at 8 o'clock this morning. The jury stood nine to three in favor of acquittal from the start. The last man who was holding out for conviction went over to the eleven this morning. Dr. Love thanked the jury in a forcible but pathetic speech that brought tears to the eyes of the spectators, jury and even those of the judge. Dr. Love will go to Mangum, Okla., at once and make arrangements to go into the drug business.

NOT HIS LEAD.

Here is another of the stories told by the late Senator Robert L. Taylor and published by his close friend, John Trotwood Moore:

An old-time darkey was closing his sermon one night in Paradise Alley and Uncle Erastus, who had been playing cards the night before, was seated in the amen corner sound asleep, dreaming of his favorite game. The old preacher said:

"We will now close this meetin' wid pray'r and we will ax Bre'r Rastus to lead."

Uncle Rastus suddenly roused himself from his slumber and shouted: "It ain't my lead! I just dealt!"

WILD CLAIMS OF BULL MOSERS.

Whenever the progressives issue any claims, bear in mind that they reported a poll of the Confederate reunion at Ada as resulting: Debs 1, Taft 1, Wilson 6, Roosevelt 280.—McAlester News-Capital.

The republicans of Kansas have finally succeeded in chasing the bull moose electors from the republican column on the state ticket, thereby forcing them to paddle their own canoe. Taft electors will now be placed on the ticket, and the hottest three cornered fight on record will be waged until November. In the end Wilson will walk off with the grapes, a fact that will suit both the warring factions of the former republican party better than for either of them to capture the prize.

RECOGNIZING UNWRITTEN LAW.

In reversing the conviction of C. M. Litchfield for killing C. M. Collins at Wynnewood, Judge Furman and his court simply recognized the force of the unwritten law which justifies the instant killing of any man who dares to debauch or offer violence to a female member of the family. Whether one approves of this or not it is a law that has come down from the earliest history of the race and no amount of civilization will ever eradicate it from man's nature. It is not altogether bad, either, for with swift vengeance certain to follow a crime of this kind, instead of an appeal to slow and uncertain law, many

a lecherous scoundrel will pause and consider before carrying his evil designs into execution. The six shooter in the right hands is a most excellent ally of society, for when a man becomes too dangerous a menace to society, it is only a matter of self protection when his career is brought to a sudden end, and no matter how many statutes may be placed in the books, this principle will prove the stronger.

WEAK KNEED COMMISSIONERS.

SECTION ONE. That it shall be unlawful after the passage, approval, and publication of this ordinance for any person, firm or corporation, or any owner, editor or managing editor of any newspaper within the limits of this City to advertise in any manner either by printing and distributing hand bills or sheets or by publishing in any daily or weekly newspaper published within this City any article or other printed matter in any way tending to or advertising the time and place in this City of the holding or giving of any prize fight, glove contest, wrestling match, or any other exhibition of like character prohibited by the ordinances of the City.

The above ordinance adopted at a recent session of the city commissioners is about the most astounding confession of weakness that has come our way in a long time. It is simply an admission on the part of the commissioners that they are unable to enforce the present ordinance against matches of the kind mentioned, and that by bulldozing the press and cutting off publicity, they seek to accomplish that which they seem to fear to tackle directly. As a matter of fact, we do not believe that this ordinance would stand three minutes in a court in which a lawyer was the judge, for there is no more reason in it or for it than there would be in passing one for bidding hotels from keeping the wrestlers while in the city or a merchant from selling them hats or shoes.

Furthermore a careful reading of the ordinance fails to show that it applies to outsiders.

Recently a wrestling match was pulled off here, the ordinance to the contrary notwithstanding. No effort was made to prevent it, the administration merely contenting itself with very bravely informing the principals that they would have to take the consequences if they pulled off the match. After it was all over the consequences proved to be a fine of \$10 each, the minimum under the ordinance. This was simply equivalent to exacting a license fee under guise of a fine, just as is often done in other large cities for permitting unlawful places of various kinds to flourish. Now come the commissioners and declare it shall be unlawful for a newspaper to give any publicity to sports of this kind which they

have thus admitted themselves too weak to cope with.

If puerile matters of this kind is all they have to do to earn their salaries, it is a fortunate thing for the people that there is a recall provision in the city charter that at the end of six months gives them a chance to express themselves.

The News had high hopes of splendid results from the administration of the three commissioners elected, but such conduct as this is enough to disgust anyone, and the News does not hesitate to enter a most emphatic protest.

SOWING TO THE WIND, REAPING THE WHIRLWIND

The murderous attack of the socialist at Holdenville on a political enemy, and his subsequent suicide, is just one of many such cases that we may reasonably expect from now on. That the man was unbalanced mentally, no one will dispute, but how did he happen to be in such a condition? The soap box speakers sowed the seed, he reaped the whirlwind.

Brooding over any one subject has always been a fruitful cause of insanity. Whether the subject is religion, politics, some great grief or wrong, real or fancied, the result is the same, the complicated machinery of the intellect becomes deranged, the victim seeks to avenge his injuries, and some one falls a prey to his frenzy.

Socialism is highly intolerant of any criticism, its followers though denouncing all who do not agree with them as allies of the devil, are highly indignant when any sort of criticism is offered on their sacred belief. All are fools, or scoundrels, except themselves, who claim a sort of monopoly of the brains and uprightness of the world. Such teachings dinned into the ears of men who are down and out and who lay blame at the door of some one else are bound to produce a fearful harvest, although the party itself may not favor violence. The Holdenville socialist is to be pitied as much as censured for his murderous deed. His mind was inflamed by the fanaticism of the literature and speakers, and he died as a victim to these men who are

fattening on the poorest people of the land. It is the fruit of the seed they sowed and there is more to follow.

BOLT PROBABLE IN CALIFORNIA CONVENTION.

Sacramento, Calif., Sept. 24.—"Republicans favoring Taft" and "Republicans favoring Roosevelt" are the Column heads under which it is probable that the secretary of state will place two sets of presidential electors to be chosen tomorrow by the nominating convention.

The candidates pledged to support Roosevelt and Johnson were successful at primaries. FOURTH CLASS POSTMASTERS UNDER CIVIL SERVICE

Washington, Sept. 23.—It was practically decided Monday that President Taft soon will issue an executive order placing all fourth-class postmasters in the classified service. This order, relieving 36,038 postmasters from the uncertainty of political appointment, will be one of the most comprehensive and far reaching, as affecting the civil service, ever issued.

That the president would take this step, his first act toward putting into practice his often-expressed belief that all government officers below the grade of cabinet members should be removed from the influence of politics and placed under the civil service, became practically certain Monday, after a delegation of postmasters from the annual convention at Richmond, Va., had been received at the White House and by Postmaster General Hitchcock. The visitors submitted a monster petition, signed by about twenty thousand postmasters, asking that they be placed in the classified service. After discussing the matter briefly, President Taft referred the matter to the executive committee.

In a few more days, Mr. Hitchcock will submit to President Taft a recommendation that their wishes be granted.

REV. ANDERSON MAKES FAVORABLE IMPRESSION

Rev. LeRoy M. Anderson, of Ada, Okla., will become pastor of the First Christian church, November 1. At a meeting of the board of deacons of the church yesterday afternoon, Rev. Mr. Anderson was unanimously called and the action was ratified by the congregation last night.

Mr. Anderson will succeed Rev. J. Walter Reynolds, who resigned recently to go to Virginia.

So favorable were the people of the First Christian church impressed with Mr. Anderson's preaching September 8, that they prevailed upon him to remain over until yesterday and preach again. The new pastor is 37 years of age, has a family of seven children and is an able minister. His personality is one of the strong points of his successful religious work. He is said to be especially popular with young people.

Former Newspaper Man.

Mr. Anderson has been in the ministry several years, having quit the newspaper business some years ago to follow the calling. He is a musician and can play on four different instruments. He was originally from Texas. Very few preachers have had the honor of being recalled to the same pastorate the second time, but Mr. Anderson is an exception to this rule as he has never left a church that he has not been recalled to it.

Yesterday morning at 11 o'clock, Mr. Anderson preached on "Man a seeker and his find in the Christ."—Macon (Ga.) Telegraph, Sept. 16.

LINEBAUGH COMING WEDNESDAY EVENING

The democratic campaign will
open at the court house tomorrow
(Wednesday) evening at 8 o'clock
with an address by Hon. D. H. Line-
baugh of Atoka. Mr. Linebaugh is rec-
ognized as one of the most aggres-
sive and interesting speakers in the
state, and it is something of a com-
pliment to the party in Pontotoc
county that the state committee sends
him here to formally open the cam-
paign. He should certainly be given
the encouragement of a large and en-
thusiastic crowd.

not only clears out the worms, but it
restores health and cheerfulness.

TACT BETTER THAN COMMAND

Good Idea to Let "Less Criticism and
More Comradeship" Be Your
Guiding Motto.

"Less criticism and more comrade-
ship," would be a helpful maxim for
all homes.

It is easy enough to be pleasant to
the casual acquaintance, but the great
difficulty lies in being decent to those
who are devoted to us—to those who
are ever willing to forgive our short-
comings. There is no duty above treat-
ing your friends courteously and try-
ing to illuminate the general monoton-
y of the lives of those you love.

In home life tact will succeed often
where command will fail. Suggestions
will go farther than argument. Direc-
tion is so much better than dictation.
Criticism of loved ones is a vice
that takes possession of one like a
stimulant, or a drug, once it is en-
couraged. It may begin in our so-
called high moral standard and hatred
of sin. But once it becomes a habit,
it is indulged in for the satisfaction it
gives.

An Eden can be ruined by constant
fault-finding, selfishness, and with-
holding the words of praise. A para-
dise can be created by small kindnesses
and by thinking sweet and helpful
thoughts of those about you.

The next time you feel like criticiz-
ing a loved one, force yourself to say
something complimentary to him in-
stead.

Try it and see if you won't be hap-
pier.

Ministerial Economy.

Considering his meagre salary, it
was a mystery to economical parish-
ioners how the minister could afford
to contribute so liberally to the
church's social affairs, but another
financial expert finally explained that
it was a good investment.

"The money he contributes makes
these entertainments so attractive,"
he said, "that the young people fall
in love and marry, and he makes it
back many times over on the wedding
fees."

All Sores Are Not Cancerous

While all Old Sores are not cancerous in their nature, every slow
healing ulcer shows a degenerated condition of the blood. Virulent im-
purities in the circulation produce angry, discharging ulcers, while milder
and more inert germs are usually manifested in the form of indolent sores
or dry, scabby places. Efforts to heal an old sore with external applica-
tions always result in failure because such treatment does not reach the

blood, and the ulcer will continue to eat deeper into
the surrounding flesh as long as a polluted circula-
tion discharges its impurities into it. S.S.S. heals
old sores of every nature by purifying the blood.
It goes to the fountain-head of the trouble and
drives out the germ-producing poisons and morbid
impurities which prevent the place from healing.
Then a stream of rich, nourishing blood, which
S. S. S. creates, causes a perfect and natural knit-
ting together of all flesh fibres, making a thorough
and permanent cure. The sore does not "come
back" when S. S. S. has made a cure, because its source has been des-
troyed. Book on sores and ulcers and medical advice free.
